

APRIL NEWSLETTER

Now that the clocks have gone forward we can look ahead to longer days and lighter evenings. Although Spring is a bit late this year, we can at last celebrate the yearly cycle of new life everywhere. The Bees will be bringing in pollen & nectar this month and once it gets warm enough, beekeepers will be checking inside hives to make sure there are no signs of disease, and plenty of eggs and young brood. If we're lucky, the bees will start to make & store honey for this years harvest.

BEE KEEPERS FORUM FOR BEGINNERS

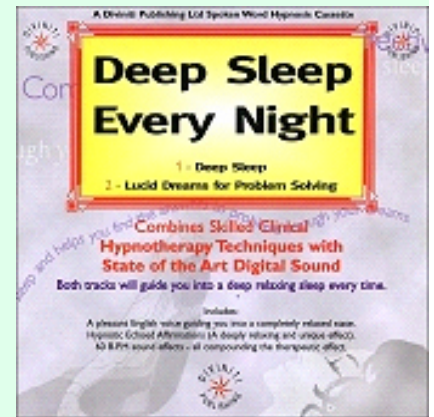

This month we aim to set up a forum for all new local beekeepers. They will be able to discuss concerns, gain practical experience with bees and talk to experienced beekeepers. The idea is to give new beekeepers confidence in dealing with their own bees and learning good husbandry & hygiene techniques. For more information, times & dates please telephone us on 01795 874935.
